Mobility Coordinating Committee

The purpose of the Pikes Peak Area Council of Governments Mobility Coordinating Committee is to:

- advise and recommend to the PPACG Board of Directors and staff on current and emerging issues, goals, and plans for public and human services transportation in the Pikes Peak Region,
- coordinate information sharing related to transportation issues, grants, best practices, education, and advocacy to provide maximum benefit to the Pikes Peak Region,
- be the experts on transportation issues and best practices,
- provide information and educational opportunities, training and/or tools, so that transportation may be integrated into all aspects of the community, and
- maintain and promote a directory of services offered by members for the targeted demographic groups

About the Pikes Peak Area Council of Governments

Communities Working Together

It is the mission of the Pikes Peak Area Council of Governments, a voluntary organization of 16 counties and municipalities, to provide a forum for local governments to discuss issues that cross their political boundaries, identify shared opportunities and challenges, and develop collaborative strategies for action.

About the Guide to Getting Around the Pikes Peak Region

The Guide to Getting Around the Pikes Peak Region is assembled by the Pikes Peak Area Council of Governments' Mobility Department of the Area Agency on Aging. It is designed to be an accessible tool for all individuals visiting or living in our three-county region: Teller, Park, and El Paso Counties. This guide features regional public, medical, and active transportation options. PPACG will periodically update the guide to ensure additional resources and changes are accessible.
